Watercolor, Swiss Crayon or Sepia Oil Painting

Have a custom-made family heirloom created by an experienced professional artist to cherish everlasting. Clovia M. Ng captures emotion and detail in her fine artwork. She uses the highest-quality Windsor-Newton paints or Caran D'ache crayons on Archival hand-moulded papers from Europe. For her oil paintings, you can request she use Belgium linen for a nominal additional fee.

Clovia would need references from which to work. She can: A) set-up a photosession in your home or her studio; or B) draw/paint from your existing photographs. She may also do a quick layout sketch at the sitting. She can provide you with a small color or black and white sketch for your approval before painting begins. A deposit of one half of the fee is due before any work begins and the balance is due upon completion. The artwork will be packed and shipped to arrive in excellent condition. Expenses incurred such as traveling, framing and shipping (if not local) are additional. You will be given an initial estimate for the total and a written agreement. Please allow up to 4-6 weeks from sketch approval until final delivery. A cancellation and/or refund policy can also be provided. Contact Clovia below to discuss your desires to commission an original work of art.
